NEW CALIFORNIA STATE AT-A-GLANCE

Who Are We?

- The New California State will be the 51st state formed out of rural old State of California.
- California rises from LA, Bay Area and Sacramento urban areas and receives a new constitution.

How Can This Be Done?

- Article IV, section 3 of The United States Constitution, allows for a new state to be formed from an existing state with the approval of the State Legislature and Congress. This was done in 1860 when West Virginia split from Virginia by creating a restored VA gov after VA seceded.
- Article IV, section 4 of The United States Constitution, The United States shall guarantee every state in the Union a Republican Form of Government and shall protect each of them against invasion and domestic violence. California has failed! www.newcaliforniastate.com

Many Have Failed This Attempt!

- EXACTLY—This is the first time in over 200 attempts to form a new state from California where the Constitutional Blueprint of Article IV, Section 3 is being followed.
- New California State achieved Constitutional "Standing" in the U.S. Supreme Court based on: declared independence, 190 grievances read, 10 declarations of truths, CA default notifications, government formation at 10 constitutional conventions, CA/CA officials lawsuit court cases, etc.

Why?

- California is in *Default* of Article IV, section 4 of The United States Constitution, and *It FAILS* to:
- Guarantee a Republican Form of Government—*It FAILS!*
- Protect the citizenry against invasion—*It FAILS!*
- Protect the citizenry against domestic violence—*It FAILS!*
- The State shall maintain good standing with the United States' Union of States—California no longer maintains the required financial records—*It FAILS!*
- California has *FAILED!* https://vimeo.com/481383635
- The FAILURES continue:
  #1 Highest Poverty Rate, #1 Highest Income Tax, #1 Worst for Quality of Life, #1 Worst Business Climate, #2 Highest Gas Taxes, #2 Highest Homeless Population, #50 in Fiscal Solvency & #43 in Education
- Californians have the highest out migration of any state in the Union.
- The out migration of businesses from California is the highest in the Union because the government over taxes and regulates.

Who Is the Founder?
