# **New California Declaration of Independence of January 15, 2018 states:**

*When a long train of abuses and acts to seize and hold the people’s power without legal authority and pursuing invariably the same Object that clearly demonstrates a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security.*

*So it is the history of the past and present Governor and Government of California has a history of repeated injuries and usurpations, all having in direct object the establishment of a Tyranny over the Counties of New California and the State of California.*

## Declaration of Grievance

United States Constitution Article IV Section 4 States:

*The United States shall guarantee to every state in this union a republican form of government, and shall protect each of them against invasion; and on application of the legislature, or of the executive (when the legislature cannot be convened) against domestic violence.*

***Failure of the government of California to protect Citizens against invasion and violence.***

**2<sup>nd</sup> Amendment of the United States Constitution states:**

*“A well regulated militia, being necessary to the security of a free state, the right of the people to keep and bear arms, shall not be infringed”.*

The California government, current governor and the mono party system of elected officials have created a tyranny for the Citizens of California by systematically infringing upon their Constitutional right to keep and bear arms as provide in the 2<sup>nd</sup> Amendment of the United States Constitution by passing unconstitutional legislation, writing and enforcing regulations.

California Citizens have a Constitutional and Natural right to keep, carry, and bear arms yet the California government, current governor and mono party system have infringed upon the Citizens of California by restraining and destroying their ability to protect their lives, family, property and blessings of liberty. As a result, American Citizens have been brutally attacked, maimed and murdered by illegal foreign nationals, thugs and international gangs in every area of the state.

For over 150 years California educators have enjoyed the blessings of the 2<sup>nd</sup> amendment by being able to conceal carry their weapons on school campuses. Armed educators have been a major deterrent against mass shootings in California schools. Yet the California government, current governor and mono party system have illegally and unconstitutionally utilized the legislative and regulatory agencies of government to disarm teachers and infringe upon their 2<sup>nd</sup> Amendment right to conceal carry thus removing the right of teachers and educators to defend themselves and their students.

The California government, current governor and mono party legislature are openly encouraging the mass murder of California school children by creating even '*softer*' targets of opportunity for terrorists with their deliberate actions to disarm Citizens of California.

The California government and the current governor have fostered, supported, legislated, enacted and enforced unconstitutional laws and regulations in direct violation of the United States Constitution.

By their deliberate actions year after year the California government, current governor along with the mono party legislatures desire to systematically disarm educators it is evident a deliberate design exists which has as an end result to destroy the supremacy of the United States Constitution over that of the State of California.

The collective result of the California government, current governor and mono party system's attack on California Citizen's 2<sup>nd</sup> Amendment Right is further evidence of the abdication of the Constitutional authority vested in the State of California by its own actions

Therefore the California government in conjunction with the state executive, instituted wherever their usurped power extends, a reign of terror on the citizens of California and the United States of America.

By their own actions the California government and the current governor have abdicated their responsibilities and their authority over the people of California

**This concludes these proceedings.**
