“We are determined to live under a State Government in the United States of America and under the Constitution of the United States.”

New California Declaration of Independence of January 15, 2018 states:

“Whenever any Form of Government becomes destructive it is the Right of the People to alter or to abolish it, and to institute new Government.

When a long train of abuses and acts to seize and hold the people’s power without legal authority and pursuing invariably the same Object that clearly demonstrates a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security.

State of New California

Grievance 48

Declaration of Grievance

Statement of Facts

The people of California are suffering from a tyrannical communist state government which fails to provide a republican form of governance, enables and supports across its southern border the invasion of the United States of America by illegal foreign nationals and protects vicious criminals who commit outrageous acts of violence upon the Citizens of America all caused by a government of and for a mono-party system lead by a tyrannical dictator who openly defies federal law.

California State Government is in Direct Violation of the Following:

United States Constitution Article IV Section 4

"The United States shall guarantee to every state in this union a republican form of government, and shall protect each of them against invasion; and on application of the legislature, or of the executive (when the legislature cannot be convened) against domestic violence."

CALIFORNIA STATE CONSTITUTION

ARTICLE I DECLARATION OF RIGHTS [SECTION 1 - SEC. 32]

(Article 1 adopted 1879.) [SECTION 1.](#)

All people are by nature free and independent and have inalienable rights. Among these are enjoying and defending life and liberty, acquiring, possessing, and protecting property, and pursuing and obtaining safety, happiness, and privacy.

MASS "TAXATION" IS NOW THE ORDER OF THE DAY

The California communist governor the mono-party government along with their associates at the county and city levels are engaging in mass "taxation" fraud which is

being implemented all over California. California has the most repressive and regressive taxes of any state in the union.

Every year as the mono-party legislature convenes for their 11 month legislative reign of terror over the United States Citizens living in California, Citizens, businesses, and industry know they're going to be further oppressed by over taxation, fees, repressive regulations and court decisions which are stacked against their efforts to live their lives in freedom.

Completely dependent on which way the political winds are blowing and which way the money is flowing, the mono-party despotic government that holds California hostage routinely and historically is predisposed to take two opposite sides of the same issue, deciding in favor of what best serves their own interests rather than the interests of the citizens of this state.

The party is about to end for the mono-party communist system of California's repression. Over the years California has been able to move money around from one budget category to another to sustain over spending. Add in the out right theft from the education system, city and county governments by greedy legislators and their bureaucratic partners to fund programs for illegal foreign nationals as "prospective voters" have created a perfect storm where money is running out faster than the government can take it in.

The markets have now turned against the mono party that has run California into the ground and will soon bring the state to its financial knees. The tell tale signs of California's financial crisis are all around. One notable indicator of their desperation is the futile attempt to tax text messages. This attempt was smacked down by the federal government. Another is the mounting evidence the state of California is failing to pay bills to vendors and suppliers of government services. Reports are surfacing these providers are either being slow or no paid for services rendered to the state. In the months ahead the financial trouble for California will render the state ungovernable.

In an article published in February of 2018 University of Tennessee law professor Glenn Harlan Reynolds sees the following scenario as a possibility not out of the question in the near future:

"In the summer of 2021, following the California financial crisis and CalPers pension collapse, public employee-supporting Democrats from the California General Assembly absented themselves from the state, preventing a quorum so that legislation slashing pension payouts could not be passed.

"That absence stretched from days into weeks, as the state government largely shut down for lack of funding. Seizing on this moment, 34 counties from the eastern and rural parts of what was then California organized themselves and sent representatives to Fresno, where those representatives declared themselves the new, official California General Assembly and designated individuals of their choice as the new, official governor and attorney general.

“The new legislature and officials were quickly recognized by President Donald Trump, who, citing his authority under the Insurrection Act and Article IV section 4 of the United States Constitution, deemed them the official government of the state, and sent federal troops from the 101st Airborne Division to Fresno to ensure that what he called ‘leftovers’ of the ‘old, failed state government’ were unable to ‘cause trouble.’ President Trump’s recognition was echoed in a joint resolution of the Republican-controlled Congress, which perhaps anticipated the addition of two new Republican senators.”

Insurrection

The government of California, the current governor and mono-party system along with local officials are following a coordinated design with the intent to actively engage in *acts of insurrection* against the U.S. Constitution.

The **Insurrection Act of 1807** is a [United States federal law](#) that governs the ability of the [President of the United States](#) to deploy [military troops](#) within the [United States](#) to put down [lawlessness insurrection](#), and [rebellion](#).

Illegal Acts and Tactics

Utilizing *Marxist-Leninist* and *Maoist revolutionary tactics* the communist California governor, mono-party system and local government officials support and celebrate these tactics as a means to introduce and subvert all aspects of California government and civil society in an attempt to destroy the State of California and breakdown the sovereignty of the Union of States of America.

Acts of Secession

Therefore the California communist government in conjunction with the communist state executive, instituted wherever the current communist governor has usurped power has created a reign of terror on United States Citizens living in California with the intent to **secede** from the United States of America and thus destroy the very **Union of States** which secures our **Liberty and Freedom**.

Abdication of Authority

Betrayal by the sitting communist governor of California the mono-party legislature and local elected officials is evidence of **abdication** of their **responsibilities** of **authority** and **sovereignty** over the State and Citizens of the United States living in California.

Prayer

The Citizens of New California State Pray for the President to exercise his authority under the Insurrection Act of 1807 to end the tyranny being foisted upon the United States Citizens living in California State.
