Grievance 12

Declaration of Grievance

New California is a new state in development exercising its Constitutional Right to form from the State of California. The process to form New California is authorized and codified in Article IV Sections 3 & 4 of the United States Constitution.

Article IV Sections 3 United States Constitution states:

New States may be admitted by the Congress into this Union; but no new States shall be formed or erected within the [Jurisdiction](#) of any other State; nor any State be formed by the Junction of two or more States, or parts of States, without the Consent of the Legislatures of the States concerned as well as of the Congress.

New California Declaration of Independence of January 15, 2018 states:

“Whenever any Form of Government becomes destructive it is the Right of the People to alter or to abolish it, and to institute new Government.

When a long train of abuses and acts to seize and hold the people’s power without legal authority and pursuing invariably the same Object that clearly demonstrates a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security.

So it is the history of the past and present Governor and Government of California who have a history of repeated injuries and usurpations, all having in direct object the establishment of a Tyranny over the Counties of New California and the State of California.

Whenever any Form of Government becomes destructive of these ends, it is the Right of the People to seek a constitutional remedy to the abuse of powers”.

Statement of Intent

The Citizens of New California have decided to remedy the abuse of power by the government of California by exercising their right to form a new state provided in United States Constitution Article IV Sections 3 and Section 4.

We are determined to live under a State Government in the United States of America and under the Constitution of the United States.

Therefore the Counties of New California bring forward 40 Grievances against the government of California to be announced in public on Tuesday at 11:00 am each week for 40 weeks.

State of New California

Grievance 12

Statement of Facts

The people of California are suffering from a tyrannical state government which fails to provide a republican form of governance, enables and supports across it's southern border the invasion of the United States of America by illegal foreign nationals and protects vicious criminals who commit outrageous acts of violence upon the Citizens of America. All caused by a government of and for a mono party system lead by a tyrannical dictator.

Declaration of Grievance

United States Constitution Article IV Section 4 States:

The United States shall guarantee to every state in this union a republican form of government, and shall protect each of them against invasion; and on application of the legislature, or of the executive (when the legislature cannot be convened) against domestic violence.

'Failure of the government of California to provide a republican form of government'

The California government deliberately fails to provide free and fair elections to the United States Citizens of California. A violation of *United States Constitution Article IV Section 4*. Elections are modified by coercive and corrupt California government officials who establish secret election schemes within counties with the intent to maintain and further the aims of a tyrannical mono party form of government with the aim to diminish United States Citizen's rights to participate in a republican form of government.

‘Failure of the government of California to protect each Citizen against invasion’

The present California governor, mono party system and government officials work alongside leaders of foreign governments who are averse to the United States and who flood unchecked into California illegal alien nationals to deliberately influence election results.

The present California governor grants “California citizenship” to illegal alien nationals in direct violation of United States immigration laws at the expense of California’s United States Citizens.

Foreign illegal nationals who advocate the overthrow of the United States through *Maoist revolutionary tactics* are celebrated by the California governor, mono party system and local government officials.

These same foreign illegal “*Maoist*” nationals have established themselves in California communities, schools and local governments with the sole intent to destabilize city councils, educational institutions, county government and all republican forms of governance.

Foreign governments are working alongside non-profit organizations in the United States who are actively organizing invasions of the southern border by tens of thousands illegal foreign nationals. The current California governor is also working in concert with these foreign governments and non-profits to facilitate this invasion of tens of thousands of foreign nationals.

Evidence of the California governor’s complicity in this foreign invasion is his deliberate failure to comply with requests by the President of the United States to activate the California National Guard to provide support for the United States Border Patrol.

Article Two, Section 3 of the United States Constitution, is clear regarding the duties of the President, “he shall take Care that the Laws be faithfully executed”. The President will faithfully execute the Laws of the United States even when the California governor views his decisions superior to the United States Constitution Article VI Clause 2.

Acts of Secession

Therefore the California government in conjunction with the state executive, instituted wherever the current governor has usurped power has created a reign of terror on the Citizens of California and the United States of America with the intent to **secede** from the **Union**.

Abdication of Authority

Betrayal by the sitting governor of California the mono party legislature and local elected officials is evidence of their **abdication** of **authority** and **sovereignty** over the State of California.

By the current governor's own actions the California government and local elected leaders have **abdicated** their **responsibilities** and their **authority** over the Citizens of California.

This concludes these proceedings.
