

State of New California

NOTICE

TO ALL CALIFORNIANS!

Grievance 85

September 10, 2019

New California is a new state in development exercising its Constitutional Right to form from the State of California. The process to form New California is authorized and codified in Article IV Sections 3 & 4 of the United States Constitution.

Statement of Intent

The Citizens of New California have decided to remedy the abuse of power by the government of California by exercising their right to form a new state provided in United States Constitution Article IV Sections 3 and Section 4.

“We are determined to live under a State Government in the United States of America and under the Constitution of the United States.”

New California Declaration of Independence of January 15, 2018 states:

“Whenever any Form of Government becomes destructive it is the Right of the People to alter or to abolish it, and to institute new Government.

When a long train of abuses and acts to seize and hold the people’s power without legal authority and pursuing invariably the same Object that clearly demonstrates a design to reduce them under absolute Despotism, it is their Right, it is their Duty, to throw off such Government, and to provide new Guards for their future security.

Preamble of the New California State Constitution states:

We, the representatives of the undersigned Counties within the State of California, do acknowledge and humbly invoke the favor of Almighty God for continued civil and religious liberty to ourselves and our posterity....

First Amendment of the United States Constitution states:

"Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the government for a redress of grievances."

The Counties of New California bring forward 95 Grievances to be announced in public on Tuesday at 11:00 am.

NEW CALIFORNIA

Grievance 85

Declaration of Grievance Statement of Facts

The people of California are suffering from a tyrannical state government which fails to provide a republican form of governance, enables and supports across its southern border the invasion of the United States of America by illegal foreign nationals and protects vicious criminals who commit outrageous acts of violence upon the Citizens of America all caused by a government of and for a mono-party system lead by a tyrannical dictator who openly defies federal law.

California State Government is in Direct Violation of the Following:

United States Constitution Article IV Section 4

"The United States shall guarantee to every state in this union a republican form of government, and shall protect each of them against invasion; and on application of the legislature, or of the executive (when the legislature cannot be convened) against domestic violence."

United States Constitution Article VI

This Constitution, and the Laws of the United States which shall be made in Pursuance thereof; and all Treaties made, or which shall be made, under the Authority of the United States, shall be the supreme Law of the Land; and the Judges in every State shall be bound thereby, any Thing in the Constitution or Laws of any State to the Contrary notwithstanding.

**ORDER OF THE DAY
ROAD TO PURE
TOTALITARIANISM**

Fifty U.S. States and territories, including the District of Columbia and Puerto Rico, have launched an anti-trust probe into Google and the company's "potential monopolistic behavior." The investigation is being led by the Texas Attorney General.

The bipartisan probe from attorneys general included nearly every state in the nation, except for Alabama and California. The President has increasingly called out Google and other technology companies for suppressing conservative voices. Google which is owned by Alphabet is located in Mountain View, California and has close business and strategic military ties to the Communist Chinese government and the Peoples Liberation Army. Google ***does not*** have the same close business or strategic military ties to the United States of America.

The new probe follows existing investigations at the federal level by the Justice Department and the Federal Trade Commission, which are currently probing Facebook, Google, Apple, and Amazon for potential violations of antitrust law. The investigation will focus on Google's "dominance in the telecommunications and search engine industries" as well as the "potential harm" the company may cause to consumers and the economy from any anti-competitive conduct. Google controls nearly all facets of the internet through its search engine.

In July before the Senate Judiciary Committee Professor Robert Epstein told Senator Ted Cruz (R-TX) that Google is manipulating voters "on a massive scale," using tools that it has at its disposal exclusively, and that "no one can counteract them." Epstein warned the Senator of big tech election meddling that he called "invisible," "subliminal," and more powerful than anything he's seen in 40 years of behavioral sciences.

Epstein — who said that he personally supported and voted for Hillary Clinton in 2016 — told Sen. Cruz that Google election meddling gave Hillary Clinton at least 2.6 million additional votes in the 2016 election and said that figure is even way too low.

"The 2.6 million is a rock bottom minimum," said Epstein, "The range is between 2.6 and 10.4 million votes, depending on how aggressively they use the techniques that I've been studying now for six and a half years — such as the search engine manipulation effect, the search suggestion effect, the answer bot effect, and a number of others."

"They control these and no one can counteract them," added the professor, "These are not competitive, these are tools that they have at their disposal exclusively."

"I believe in democracy, I believe in a free and fair election more than I have any kind of allegiance to a candidate or a party," affirmed Epstein on Tuesday. "In 2020 — if all these companies are supporting the same candidate — there are 15 million votes on the line that can be shifted without people's knowledge, and without leaving a paper trail for authorities to trace."

"What you are testifying to is that a handful of Silicon Valley billionaires and giant corporations are able to spend millions of dollars, if not billions of dollars collectively, massively influencing the results of elections?" asked Cruz.

“Senator, with respect, I must correct you,” replied Epstein, “If Mark Zuckerberg chooses to send out a ‘Go Vote’ reminder just to democrats on Election Day, that doesn’t cost him a dime.”

The state of California has the most corrupt election system of all the 50 states in the union. Now with the Google revelations of Professor Robert Epstein the corruption is complete and irrevocable, beyond a point of no return to a republican form of government.

Combined with the massive invasion of the state’s southern border and the vicious violence seen against U.S. Citizens in California by sanctuary policies its more than clear Article IV, Section 4 and Article VI of the United States Constitution are both dead in California and will soon be dead in the United States of America.

California’s mono-party political machine, its socialist Governor, along with communist state legislators, socialist elected officials, agencies, and unelected regional governance boards, are colluding to create a Pure Totalitarian Communist California state in direct violation of both Article IV, Section 4 and Article VI of the United States Constitution.

The California communist state legislature and the socialist governor is that they legislate new laws that make legally abiding citizens into felons, force oppressive regulations and change the California constitution to encourage lawlessness while pandering to criminal cartels.

Insurrection

The government of California, the current socialist governor and mono-party system along with local officials are following a coordinated design with the intent to actively engage in **acts of insurrection** against the U.S. Constitution.

The **Insurrection Act of 1807** is a United States federal law that governs the ability of the President of the United States to deploy military troops within the United States to put down lawlessness insurrection, and rebellion.

Acts of Secession

Therefore the California government in conjunction with the socialist state executive, instituted wherever the current socialist governor has usurped power has created a reign of terror on United States Citizens living in California with the intent to **secede** from the United States of America and thus destroy the very **Union of States** which secures our **Liberty and Freedom**.

Abdication of Authority

Betrayal by the sitting socialist governor of California the mono-party legislature and local elected officials is evidence of **abdication** of their **responsibilities** of **authority** and **sovereignty** over the State and Citizens of the United States living in California.

Prayer

The Citizens of New California State Pray for the President to exercise his authority under the Insurrection Act of 1807 to end the tyranny being foisted upon the United States Citizens living in California State.

This concludes these proceedings. *newcaliforniastate.com* (877) 828 2753
