

NEW CALIFORNIA STATE AT-A-GLANCE

Who Are We?

- New California State will be the 51st state formed from rural old State of California.
- California rises from LA, Bay Area and Sacramento urban areas and receives a new Constitution.

How Can This Be Done?

- Article IV, section 3 of The United States Constitution, allows for a new state to be formed from an existing state with the approval of the State Legislature and Congress. This was done in 1860 when West Virginia split from Virginia by creating a restored VA gov after VA seceded.
- Article IV, section 4 of The United States Constitution, The United States shall guarantee every state in the Union a Republican Form of Government and shall protect each of them against invasion and domestic violence. California has failed! www.newcaliforniastate.com

Many Have Failed This Attempt!

- EXACTLY—This is the first time in over 200 attempts to form a new state from California where the Constitutional Blueprint of Article IV, Section 3 is being followed.
- New California State achieved “Standing” in the U.S. Supreme Court based on: declared independence, 190 grievances, 10 declarations of truths, 15 CA default notices, 7 proclamations, 13 Const. Conventions, CA official’s lawsuits, 3 Constitutional Conv. For Reorganized CA and 3 Ordinances for CA’s slavery, Insurrection Against the Constitution and Secession.

Why?

- California is in *Default* of Article IV, section 4 of The United States Constitution, and *It FAILS* to:
- Guarantee a Republican Form of Government—*It FAILS!*
- Protect the citizenry against invasion—*It FAILS!*
- Protect the citizenry against domestic violence—*It FAILS!*
- The State shall maintain good standing with the United States’ Union of States—California no longer maintains the required financial records—*It FAILS!*
- California has *FAILED!* <https://vimeo.com/481383635>
- The FAILURES continue:
**#1 Highest Poverty Rate, #1 Highest Income Tax, #1 Worst for Quality of Life,
#1 Worst Business Climate, #2 Highest Gas Taxes, #2 Highest Homeless Population, #50 in Fiscal Solvency & #43 in Education**
- Californians have the highest out migration of any state in the Union.
- The out migration of businesses from California is the highest in the Union because the government over taxes and regulates.

Who Is the Founder?

- Paul Preston, President of New California State. Paul has spent over nine years laying the groundwork for statehood.
- Chriss Street, CFO of New California State, follows California’s economic demise.

When?

- The process to form New California should be completed between 2024- 2025.

What Is the Final Result?

- A “Fresh Start” with a new Constitution.
- The “Rule of Law” will be reestablished with Support for Law Enforcement.
- 2nd Amendment Rights will be Guaranteed.

WHY CALIFORNIA CANNOT BE “SAVED”

- California violates Article IV, Section 4: no republican form of government, freedom from invasion or freedom from domestic violence.
- California is in violation of the Compact of the Union of States for financial audit failures.
- Estimates point to 150 years minimum litigation for California's legal messes.
- Only 6% of the budget is subject to manipulation—all else sealed in with the fake contract replaced California Constitution in 1879 by the progressives/communists.
- Unaudited financials going back seven years prohibit borrowing or bond issuance due to credit rating damage, thereby, admitting the financial abuse and disaster.

Lawsuits:

- Filed 2 Lawsuits Against Gavin Newsom, Alex Padilla and Shirley Weber. The ballots in CA 2020 were missing the statutory election code for the selection of Delegates. New California filed the lawsuit and sent a letter to Pence notifying him of the faulty ballots that by law should not have been cast or counted. The courts delayed and Pence accepted the CA delegation. New California also filed notification with the Registrars throughout the state and both SOS Padilla and Weber were served—they did nothing about it either.
- New California also filed with Chris Bish to challenge Doris Matsui and Adam Schiff living outside their Congressional Districts.
- New California submitted a Delegation of 55 members to represent Californias delegation because none had been selected.
- New California joined the Texas lawsuit as an Amicus brief to challenge the changes to election code by states. This was not authorized by the legislature. California legislators Kiley & Gallagher challenged the Newsom executive order for all mail-in ballots and won. The judgement announcement arrived the day before the general election began. The amicus brief was accepted! First new state movement recognized in history with an accepted Amicus brief.
- Amicus with Brunson case under review with Supreme Court—plus, plus, plus...! This hasn't been done since 1861—we are following the U.S. Constitution to the letter.
- Filed 4 Amicus Briefs with the U.S. Supreme Court in Support of President Trump.

New California is HISTORIC!!!!!! It will save California, the Nation and the World! Rev 8/25
