Dear Mr. President,

New California State (NCS) movement extends an invitation to you to attend a rally as the Keynote Speaker in support of Article IV, Section 4 of the United States Constitution. You are needed in California where your impact would be strategically welcomed.

*Previous Keynote speakers at New California State Constitutional Conventions include former Fox News Reporter Lara Logan, (10<sup>th</sup> Constitutional Convention) Trevor Louden, (5<sup>th</sup> & 11<sup>th</sup> Constitutional Conventions) Candace Owens and Dinesh D'Souza (7<sup>th</sup> Constitutional Convention) and Mike Huckabee (6<sup>th</sup> Constitutional Convention).*

New California State recognizes the invasion at California's southern border and the financial disaster in California are both a national defense crises never before seen in United States history. These crises combined with a clear Constitutional emergency where there exist serious Constitutional violations and failures to fulfill oaths of office by both the current U.S. president and California governor who are simultaneously failing to take official actions to preserve the republic and thus the union as required by the United States Constitution under Article IV, Sec. 4.

As the last President to honor the oath of office and fulfill your Constitutional responsibilities as President, no one is more aware than you Mr. President that the United States Constitution and our Constitutional Rights are under attack. That is why we are asking you to come to California. You understand the national need to restore the republic and preserve the union by protecting all Americans against invasion and domestic violence.

New California State extends our invitation to you to come to California May 17 or 18, 2024, for an airport rally/speaking engagement to deliver a message of hope to all Californians. We have communicated with three airports that meet appropriate runway length and would be willing to accommodate your presentation.

As the leader of this great nation, you best exemplify the promise we are pursuing in creating New California State. It is our hope you will accept our invitation.

Best Regards,

Robert "Paul" Preston

President of New California State
