New California State is a new state in development forming from the State of California.

New California State is exercising its God-given Rights as declared in the 1776 United States Declaration of Independence and as ratified in the 1789 United States Constitution under Article IV Sections 3 & 4.

New California is the making of a new state, just like 50 other states have been formed to make the Union of States called the United States.

**WE THE PEOPLE
OF THE
STATE OF
NEW
CALIFORNIA
NOTICE**

**TO ALL
CALIFORNIANS!**

**DECLARATION
OF
CONSTITUTIONAL
DEFAULT**

December 5, 2022

Statement of Intent

The Citizens of New California have decided to remedy the abuse of power by the government of California by exercising their right to form a new state provided in United States Constitution Article IV Sections 3 and Section 4.

“We are determined to live under a State Government in the United States of America and under the Constitution of the United States.”

New California Declaration of Independence

January 15, 2018, states:

“Whenever any Form of Government becomes destructive, it is the Right of the People to alter or to abolish it, and to institute new Government...”

*“...when a long train of abuses and acts to seize and hold the people’s power without legal authority and pursuing invariably the same Object that clearly demonstrates a design to reduce them under absolute Despotism, it is their **RIGHT**, it is their **DUTY**, to throw off such Government, and to provide new Guards for their future security.*

*“The history of the present Governor and Government of California is a history of repeated injuries and usurpations, all having in direct object the establishment of a **Tyranny** over the Counties of New California and the State of California.”*

Preamble of the New California State Constitution states:

*“We, the representatives of the undersigned Counties within the State of California, **do acknowledge and humbly invoke the favor of Almighty God for continued civil and religious liberty to ourselves and our posterity....**”*

First Amendment of the United States Constitution states:

“Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances.”

Fourth Amendment of the United States Constitution states:

“The right of the people to be secure in their persons, houses, papers, and effects, against unreasonable searches and seizures, shall not be violated, and no Warrants shall issue, but upon probable cause, supported by Oath or affirmation, and particularly describing the place to be searched, and the persons or things to be seized.”

STATE OF CALIFORNIA CONSTITUTIONAL FINANCIAL DEFAULT

The people of California are suffering from a tyrannical state government which fails to provide a republican form of governance, enables and supports across its southern border the invasion of the United States of America by illegal foreign nationals and protects vicious criminals who commit outrageous acts of violence upon the Citizens of America, all caused by a government of and for a mono-party system lead by a tyrannical, pusillanimous dictator who openly defies federal law.

CALIFORNIA STATE VIOLATES:

United States Constitution Article IV Section 4

"The United States shall guarantee to every state in this union a republican form of government, and shall protect each of them against invasion; and on application of the legislature, or of the executive (when the legislature cannot be convened) against domestic violence."

United States Constitution Article VI

This Constitution, and the Laws of the United States which shall be made in Pursuance thereof; and all Treaties made, or which shall be made, under the Authority of the United States, shall be the supreme Law of the Land; and the Judges in every State shall be bound thereby, any Thing in the Constitution or Laws of any State to the Contrary notwithstanding.

United States Constitution First Amendment

"Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the government for a redress of grievances."

United States Constitution Fourteenth Amendment

Section 3. No Person shall be a Senator or Representative in Congress, or elector of President and Vice-President, or hold any office, civil or military, under the United States, or under any State, who, having previously taken an oath, as a member of Congress, or as an officer of the United States, or as a member of any State legislature, or as an executive or judicial officer of any State, to support the Constitution of the United States, shall have engaged in insurrection or rebellion against the same, or given aid or comfort to the enemies thereof. But Congress may by a vote of two-thirds of each House, remove such disability.

CALIFORNIA'S CONSTITUTION.

ALIFORNIA is the spoiled child of the United States; and what California needs, and will ultimately get, is a good, sound, square, old-fashioned spank.

Reversed over the national knee, and squirming under the governmental slipper, California may have some of her superfluous boundlessness shaken out of her, and a little solid ballast of horse-sense and self-respect hammered into the region which she now uses, apparently, to perform her intellectual and logical functions.

Not that California has not brains enough—the trouble is simply that she has not yet learned how to use them. Practically the baby of the family, born with a golden spoon in her mouth, she has traded on her congenital charms and capabilities until the precocity which was once our pride has become a nuisance and an absurdity.

The two extreme ends of this country are decidedly objectionable, each in its own way. New England is priggish and California is *boundless*. But the affectations of culchahed Massachusetts are merely superficial: they do not militate against the existence of a healthy moral and mental equilibrium which asserts itself whenever the nation gets a serious shock, whether from external or internal causes. We laughed at the long-haired enthusiasts of Boston who whined and slobbered over the Slave; but we looked with perfect confidence to the Men of Concord, when the time came to *fight* for that mahogany unfortunate: and they were there.

But California! Ah! if her boundlessness were only as innocent a folly. It is not. Boundlessness does not mean only the ostentation, the arrogance and the opinionated "smartness" which make the individual Cali-

fornian a social nightmare. Boundlessness is the only word that can describe the chaotic ideas of the western agitator, and the colossal impudence with which he advances them. It is "freshness" raised to the *n*th power. It is crude brain in a state of fermentation. And the matters thence evolved are characteristic and—cussed.

California's latest act of boundlessness is the adoption of her New Constitution. She was dissatisfied with the old one, partly because it did not contain provisions categorically forbidding the existence of the Chinaman, and specifically providing for the sustenance of Mr. Denis Kearney; but principally because it was like other constitutions and was not transcendently Californian in all its ways and workings.

So now she has got her new one—and a nice bellyful it is for the body politic.

Mr. Denis Kearney's truck drives full tilt over grasping capital and heartless monopoly and selfish wealth, and, entirely in the interest of the employed, manages utterly to destroy the employer.

Look at this New Constitution of yours, Miss California! He is a nice young man for a small tea-party, isn't he? Why, he will eat you out of house and home. True he disposes of the obnoxious Chinaman; but how about your railroads, your mining-companies, your pushing capitalists who have built you up your trades and manufactures? Will the possession of Mr. Denis Kearney fully compensate you for the loss of the men and the money that you have driven out of your borders? Do you think that your over-taxed bonds and mortgages are going to pay the deficit of your un-taxed wheat-fields? Do you think you are going to eat your financial cake and have it, too?

Look at your New Constitution, young woman, and go into the corner and weep over your bumptiousness, your boundlessness—and your bankruptcy.

The State of California is in both financial and Article IV, Section 4 Constitutional default and does not have constitutional standing as a member state in the Union of States called the United States of America. **We the People**, as citizens of the United States living in California, are following the process of West Virginia, that successfully restored the Virginia state government after the Wheeling Conventions of 1861. Congress admitted California into the **Compact** of Statehood within the United States of America in 1850 because their 1849 Constitution, ratified for consideration, guaranteed a *republican* form of government.

Financial Default

California fails to provide, as required by law, an audited financial statement. California is the **only** state in union, which for the last three years, that has not provided an audited financial statement.

Lack of proper financial oversight by the *bumptious* California legislature, that, by allowing agency employment of persons who were knowingly and willfully engaging in high-risk assumptions to underfund pensions in the normal course of their employment, have now put at risk the financial default of the State Teachers Retirement System and the California Public Employees Retirement System.

Reported by the California Globe about the Employment Development Department (EDD) on November 28, 2022:

California's EDD Continues to Borrow Hundreds of Millions – about \$13 million PER DAY – To Meet Its Obligations

“From seeing itself primarily not as a claimant benefit agency but tax collection outfit – to having a customer service policy of not having a customer service policy – to technology older than the word technology, the EDD has had problems for years and now a federal Department of Labor review of the agency's unemployment insurance (UI) benefit trust fund (the account employers pay into) raises further questions about the stability and capability of the system as the fund's solvency level is zero.

“According to the latest ‘State Unemployment Insurance Trust Fund Solvency Report,’ the state still owes the feds more than \$18 billion against a trust fund on-hand balance of about \$600 million. The report also shows California has an ‘advance (from the feds) per covered employee’ amount of more than \$1,400. The national average is \$353 and most states have a figure of \$0.”

The state of New California believes the EDD is a major source of funds to foreign countries through a money laundering scheme that involves the California Department of Motor Vehicles in which there was an estimated \$850 billion laundered through the EDD since the beginning of the pandemic. However, since 1996, under the Motor Voter Act, the number appears to be upward of \$30 trillion laundered from the California State EDD.

California is in a state of free fall at all levels. This free fall has been orchestrated over the last 170 years by socialists and communists, and are now nearing the end of their socialist/communist plan that clearly demonstrates a design to reduce United States Citizens living in California under absolute Despotism. Today this plan has eliminated the three branches of government and created a mono-party legislature, that has enabled and empowered the rise of a **pussillanimous** Governor turned dictator.

An unconstitutional administrative state now exists in California, in direct violation of the September 9, 1850, **Compact** with the United States of America. The state of California no longer functions as a republican form of government.

ACTS OF INSURRECTION

The government of California, the current socialist governor/dictator and mono-party system, along with local officials, are following a coordinated design with the intent to actively engage in “Acts of Insurrection” against the United States Constitution.

ACTS OF SECESSION

The government of California, in conjunction with the socialist state executive, instituted wherever the current socialist governor/dictator has usurped power, has actively engaged in “Acts of Secession” and has created a reign of terror on United States Citizens living in California, with the intent to **secede** from the United States of America to thus destroy the very **Union of States** which secures our **Liberty and Freedom**.

ABDICATION OF AUTHORITY

Betrayal by the sitting **pusillanimous**, socialist governor/dictator of California, the mono-party legislature and local elected officials is evidence of “Abdication of their Responsibilities of Authority and Sovereignty” over the Citizens of the United States living in California State.

ACTIONS

A reorganized, restorative government of California, consistent with the *Compact of 1850*, with the Congress of the United States, has been established, which is republican in form of government with an executive branch, judicial branch and a bi-cameral legislative branch.
