### About The Event

New California State will be conducting a first of a kind “limited” statewide demonstration vote. New California State citizens are holding their Board of Supervisor's feet to the fire regarding their flawed, inaccurate, and *UNCONSTITUTIONAL* election system. As County Boards across California continue to deny the inherent flaws in a computerized 'captured' election system, New California State (A non-profit, Constitutional Educational Organization 501(c)(4) has created a simple hand-counting system, derived from the Colorado Clear Box Method, to conduct in-person, same-day results DEMO Elections across California on January 27, 2024.

Every citizen in California is encouraged to come out and VOTE in the upcoming DEMO Elections. These DEMOs are meant to give the citizens back a voice in stating the type of elections they desire and to show County Boards across California that if they refuse to ethically represent the citizens they are meant to serve according to the U.S. Constitution, the citizens will stand together to show them how it is done.

**Update: Kern is the 18th County to conduct Voting. Location TBA.  
See additional flyers below for participating counties.**
