

DECLARATION OF TRUTH

To: Mary B. Bedard, CPA
County Clerk, Kern County
1115 Truxtun Avenue
Bakersfield, CA 93301-4639

I, _____ the undersigned, hereinafter, Declarant,

Domiciled at _____
hereby affirm, declare and swear, under my oath and under the pains and penalties of perjury under the laws of the United States of America and of this state, that I am of legal age and of sound mind and hereby attest that the statements, averments and information contained in this Declaration are true and correct to the best of my knowledge.

I ask you to read this document with an open and receptive mind even if, ultimately, you conclude you disagree with me. I also request that you provide me a written response on those points where we disagree in order to open a dialogue that will, hopefully, lead to a resolution acceptable to both of us.

ASSUMPTIONS THAT UNDERGIRD THE STATEMENTS IN THIS DOCUMENT:

To state the doctrine most simply, if you want to limit power, as the Framers plainly did, don't give it in the first place.

Our Founding Fathers used the same structural concept when delegating power to the State and Local governments: The powers are inherent in the individual, and the individuals, as a group, delegate some of those inherent powers to the State and to the Local government.

What is significant about the individual's delegation of powers to Federal, State, and Local government is that *the individual still maintains a share of the powers* he or she delegated to the government. Thus, the American Constitutional Republic is still guided by "*We the People.*"

Key to "We, the People" retaining their share of the delegated powers is that those in government exercising those powers must be above reproach in administering their delegated powers fairly and even-handedly. This is especially true regarding voting. "We, the People" must have confidence that both our votes and the votes of the opposition are fairly and accurately counted. *Do you agree?*

SIGNIFICANCE OF THESE FOUNDATIONAL TRUTHS TO MY REQUEST TO YOU:

The significance of America being a Constitutional Republic is that the Constitution is the Supreme Law of this Land. Any purported "law," statute, code, regulation, rule or policy made consistently with the enumerated powers of the Constitution are presumed valid. In contrast, any purported law, rule or regulation which opposes and/or violates the Constitution in any way, whatsoever, is lawfully null and void. *No bureaucrat, politician, or person acting in an official capacity has any legal authority to restrict the Constitutional rights of any law-abiding citizen nor alter the count of the citizen's votes.*

I am informed and believe that you have violated my Constitutional Rights on: ___ / ___ / ___

Mary B. Bedard, CPA, **County Clerk, Kern County** California have violated the United States Constitution and California State Election codes specified below.

DECLARATION OF TRUTH

Complaint 1.

California Election Code Section 16100 states: “Any elector of a county, city, or of any political subdivision of either may contest any election held therein, for any of the following causes:

- (a) That the precinct board or any member thereof was guilty of malconduct.
- (b) That the person who has been declared elected to an office was not, at the time of the election, eligible to that office.
- (c) That the defendant has given to any elector or member of a precinct board any bribe or reward, or has offered any bribe or reward for the purpose of procuring his election, or has committed any other offense against the elective franchise defined in Division 18 (commencing with Section 18000).
- (d) That illegal votes were cast.
- (e) That eligible voters who attempted to vote in accordance with the laws of the state were denied their right to vote
- (f) That the precinct board in conducting the election or in canvassing the returns, made errors sufficient to change the result of the election as to any person who has been declared elected.
- (g) That there was an error in the vote-counting programs or summation of ballot counts. *Do you agree?*

Complaint 2.

Kern is one of 40 counties in California to use the Dominion vote tabulation system. Since the November 3, 2020 General Election the use of the Dominion system has been investigated by several state legislatures. Claims being made by Dominion that their voting systems are designed & certified by the U.S. government to be “closed systems” that do not rely on internet connectivity for use have been disproved.

Yet you, Mary B. Bedard, CPA, **County Clerk, Kern County** California allowed the use of the Dominion machines knowing they were connected to the internet and open for fraudulent manipulations. The evidence is clear you allowed the use of these systems to produce the engineered predetermined totals you derived for your *certified total* calculations that you submitted to the State of California Secretary of State. Further your action denied eligible voters who attempted to vote in accordance with the laws of the state their right to vote while disenfranchising thousands more from their right to vote. *Do you agree?*

The Official “*Certified*” Kern County Totals for the 2021 CA Recall Election are:

YES 126,999, NO 78,477 for a “Certified” Total=205,476. YES won the majority by 48,522 Votes.

Those totals were derived from the $-142(.70)+130(1.30)$ Algorithm.

These are The Real Totals. YES 181,428, NO 60,367

Real Total=241,795. YES WON THE MAJORITY BY 121,061 Votes.

The equations below prove The Real Totals.

$(-142)126,999 + (+130)18,110=72,539$. This is the Total Vote Swing created by the $-142/+130$ Algorithm.

YES Real Margin - YES “*Certified*” Margin $121,061 - 48,522=72,539$, the Total Vote Swing.

YES 181,428, NO 60,367. Real Total=241,795

YES WON BY 121,061. *Do you agree?*

Complaint 3.

Mary B. Bedard, CPA, **County Clerk, Kern County**, California failed in your duty to properly advise the Kern County Board of Supervisors of the fraudulent nature of the Dominion voting systems. Your failure to properly and truthfully advise the Kern County Board of Supervisors about the many deficiencies in the Dominion Systems have created a disruption in the legislative and executive actions of the Kern County Board of Supervisors. Further this disruption will continue to disenfranchise the voters of Kern County, CA. *Do you agree?*

2. You have taken an oath to support and uphold the national and state Constitutions and are constitutionally mandated to abide by that oath in the performance of your official duties.
3. You have no constitutional authority, or any other form of valid, lawful authority, to oppose and violate the very documents to which you swore or affirmed your oath and under which you were delegated by the people the limited authority to conduct the duties of your office.
4. The above three positions are true, factual, lawful and constitutionally ordained.

Mary B. Bedard, CPA, **County Clerk, Kern County**, acting in your capacity as **County Clerk, Kern County**, California your actions have injured me personally, as well as my inherent constitutionally guaranteed God Given Constitutional Rights of United States Constitution Article IV, Section 4. Specifically, the Bill of Rights, in particular, Amendments I, IV, V, VI, VII, IX and X, and The Bill of Rights.

I respectfully request you send a written response to me, addressing each and every issue raised herein within **FIVE** (5) calendar days.

If, for any reason, you fail to respond as requested to the issues below, your failure may well be regarded in any future legal or political proceeding as a tacit admission that the allegations are true and correct [Please see U.S. v. Tweel, 550 F. 2d. 297: "Silence can only be equated with fraud where there is a legal or moral duty to speak or where an inquiry left unanswered would be intentionally misleading."]

APPLYING THE FOUNDATIONAL CONCEPTS TO THE ISSUES AT HAND:

For the reasons set forth herein, I believe I have clearly demonstrated how you have violated your lawful Constitutional and statutory authority, and, by such action have violated the Federal and State Constitutions and your oath of office. Your actions as set forth herein have acted against the public good by violating the public trust and warring against the Constitution.

DECLARATION OF TRUTH

There is nothing in the State or Federal Constitution that says its provisions will be suspended during a “pandemic,” real or imagined or that those who count the votes can alter the results for political gain. *Do you agree?*

Our Founding Fathers knew that *government serves with the consent of the governed*. **I do not consent** to any unconstitutional order by any politician or any bureaucrat at any level of government, Federal, State, or Local. Further, no politician or bureaucrat can lawfully compel me to engage in any activity which could bring harm or damage in any way whatsoever to my emotional and mental well-being and to my physical body, which belongs to me and to no one else. *Do you agree?*

To continue violating the Constitutionally guaranteed rights of each member of the public without their knowing and informed consent is truly outside the boundaries of our National and State Constitutional law. The same can be said of not counting or changing the citizen’s votes and/or changing the aggregate votes whom the citizens voted for. *Do you agree?*

The damages claimed herein are an unlimited civil case if a lawsuit were instituted. If you disagree with anything stated in this notice, then please respond to me with the specifics of your disagreement. Any un-rebutted point raised herein may well be regarded as an admission by you.

Yours truly,
